

# GSE - Registration NOW OPEN!

Girls Southeast Soccer Association has been providing recreational soccer in the Cincinnati Community for over 45 years. Our program provides kids aged 4-19 the opportunity to have fun, exercise and develop teamwork playing soccer. Last year we had approximately 80 teams across all ages. Registered players are placed on teams based on age and neighborhood proximity. All levels of playing experience are accepted, with our younger players learning a simplified game on a smaller sized field.

## DEVELOPMENT ACADEMY:

Girls playing in our dribblers, trappers and shooters age groups are invited to attend our Development Academy at no additional cost. Operated by our partner, Cincinnati United Soccer Club (the largest and most successful competitive soccer club in the area), the Academy features age-appropriate training through individual skills and fun games led by their professional staff on six consecutive Friday nights during the fall and spring seasons.
